JUN 19 2006
I, Andrei McCanter, have transmitted via fax 6 pages of documents. This fax transmitted on June 19th, 2006 at 2:58pm - was in response to letter dated by the Office of Petitions April 20th, 2006. Please confirm receipt of this fax sent before the June 20th deadline. Thank you.

Dear Mr. Cliff Congo, (Office of Petitions)

The answers below are in response to the requested information under 37C.F.R 1.378(b), filed September 29th, 2005:

1. The Law Offices of Arter & Hadden LLP managed all of my Touch Glove patent and trademark application procedures, submittals, docking, tracking and maintenance fees. I paid them to manage and service all aspects of my patent and trademark application submittals and payments. Hiring Arter and Hadden was my system that I had in place to docket and track my timely filing of documents and maintenance fee payments. Up until I encountered financial difficulties in 2002-2003, Arter & Hadden service all aspects of my patent process. Due to an unfortunate business transaction of another company that had a direct impact on my business ultimately negatively affecting my personal financial status. The problems that occurred forced me to file for bankruptcy to re-organize and pay the debts that I had accrued. Please "See Attached" Arter & Hadden letters identified as Letter # 1,2,3,4.
2. Documents already submitted.
3. First, I had to pay the cost of filing for Bk protection, attorney fees etc... The bk court demands that any income you generate outside of your basic bills, (Rent/Mortgage Food, gas utilities, etc...) must be directed to the court to pay those creditors who have filed a demand for payment claim against you with the bk court. Secondly during these tough times I was trying to save my home, feed my family and keep my marriage together.

Page 2 Andre' McCarter / Patent # 6, 040,910

There was no money available beyond the bk demands to pay my maintenance fee during the time it was due. I had not resolve in my mind during these times that Arter & Hadden was no longer servicing, tracking or docking my patent account, nor any of the other services they had been doing for me personally and for my business.

4. While still in bk, after I had to sell my home to pay all secured mortgage and other secured creditors, I was allowed to pay the Patent & Trademark Office of Petitions my past due maintenance fee and all related late fees. I know at minimum I paid \$1,150 or more to bring my patent account to current as far as fees are concerned.

Thank you for giving me an opportunity to right an unforeseen, unfortunate set of circumstances that prevented a timely payment of my maintenance fee. I am requesting the Patent Office of Petitions have mercy on my petition request to have my patent reinstated. Over this process, I have received the message of the importance of timely payments of all maintenance fees. The lesson has been learned and it won't happen again! My family and I have suffered during these tough times and the loss of our patent would be devastating on top of all that has happened to us in recent years. We have made amends by paying our maintenance /all related fees. I have tried to provide all of the information and documentation you have requested during each petition appeal process.

Please say, "yes" to re-instating my patent. I want to thank you for giving my family and me a second chance so we can regain what we have lost.

Sincerely,

Andre' McCarter

Re: Trademark Application for "THE TOUCH"

OFFICE OF PETITIONS

Dear Mr. Moulton:

We understand from the United States Patent and Trademark Office (the "USPTO") that you have filed a trademark application for the mark "The Touch" for sporting goods.

We represent an individual by the name of Andre McCarter who has filed a trademark application for the mark "Touch Glove" and accompanying design for athletic apparel and specialized athletic gloves for which he has a pending patent. The Trademark Office examining attorney believes that there may be confusion between the respective marks. Our client's products are very specialized and we do not believe that there will be any confusion by the general public with respect to the two marks. I would appreciate you or your attorney calling me at (818) 596-2220 to discuss this matter. Thank you for your assistance.
